No time to enter your Self-Reported CME into your license record at the NC Board of Podiatry Examiners?

Dear NC Licensed Podiatrist,

FirstPoint Management Resources, Inc., (FPMR), located in Raleigh, NC, has managed the administrative affairs of the **NC Board of Podiatry Examiners** for a dozen years. FPMR is a wholly-owned subsidiary of FirstPoint, Inc., a Greensboro, NC, based, leading national provider of information and operation services, offering Equifax credit solutions, revenue cycle management, decision data, and organizational management in the fields of education, finance, government, healthcare, human resources, call center management, and public utilities with a reputation for compliance, integrity, innovation, and a stellar customer experience. <http://www.firstpointresources.com/>

As a special, optional, service for NC licensed podiatrists, FPMR is offering to enter Self-Reported CME data into an NC-licensed podiatrist's record for them based on the following fee schedule:

\$5.00 per single CME certificate

\$20.00 for 4 CME certificates/per calendar year, January 1-December 31

\$50 for unlimited number of CME certificates/per calendar year, January 1-December 31

The Board of Podiatry Examiners has approved FPMR to offer these data-entry services to its licensees, and the FPMR staff who will be doing the CME data-entry will be *the same staff members* that are assigned to the Board's administrative work on a daily basis so you can be assured that your data will not be compromised. (The Board is not authorized by state statute to provide such a service, so it made more sense for FPMR to offer it instead.)

If you wish to avail yourself of this Self-Reported CME data-entry service, please complete the enclosed form and return it to FPMR along with your payment in the form of a check or including your credit card information. (If you wish to enter your Self-Reported CME yourself or have your own office staff enter it for you, you are certainly welcome to do that.)

Sincerely,

Penney De Pas, MA, CAE
Senior Account Manager, FPMR
